

DAUD/ nDARS Meeting Notes

2/6/2007

Attending: Robert Kilgore (CIS), Deborah Kearney (CIS), Boyne Chin (CIS), Rosanna Delirio Carrera (UARS), Daniel Fogg (UARS), Randy Cirilo (RO), Bonnie Allen (AIS), Marietta Nieto (AIS), Santhana Srinivasan (AIS), Praveen Dugar (AIS)

1. Updated tasks from **last meeting** - see Tasks (below) for status. Of note:

- **AP Test Score Received after a UCLA Grade is Given for Freshman and Transfer Students**

Rosanna: UARS will continue to process some test scores manually (those received after SR0#D888 has stopped running). When UARS gets the test score they check the SRS PROG screen and see if there is a corresponding course for the student. If the AP test was taken first, they process the AP credit thru SRS TRCD screen and they notify the student and the Registrar's Office that the course is a duplicate and it will be removed from their record. This same process will occur when nDARS is in place with UARS using the nDARS TCA screen to process the test score for nDARS students – see Tasks for follow-up steps.

- **Meeting materials**

All available at <http://cis.ucla.edu/daud.htm> . Send materials to Deborah for posting.

2. Continued analysis of **UAO test score processing and the SRS Interface as performed by the job SR0#D888 (D888)**. Marietta had revised the flowchart – see attachment – and we agree it would work nDARS with a few modifications to ensure that nDARS-SRS (ADM)- and UARS(KBT) keep track of what has been processed where – see Tasks for followup actions.
3. **Repeat Processing:** Randy will check to see if courses taken during the summer before the students admit term are considered in repeat processing.
4. **Next:** discuss RK212 – Subject A/ESL/English Language (Santhana)
